

SUPPORTING THE OIL AND GAS INDUSTRY

## ENVIRONMENTAL POLICY

**It is the policy of MSCM Limited to conduct their activities in a responsible manner, having regard to the effect on the environment and the communities in which the company operates. The policy includes the following requirements:**

- To operate the business in compliance with national, regional and local environmental legislation
- To specify, design, construct, install and maintain all plant and equipment so as to ensure that it will operate in conformity with national, regional and local quality standards for air, water, waste disposal and noise
- To use materials and manufacture products which, so far as reasonably practicable, have a minimum impact on the environment
- To actively encourage continual improvement in all matters relating to the environment
- To review the site Environmental Impact Assessment and this Policy annually
- To carry out an annual Environmental Review of Procedures and Practices to implement any identified improvements
- To train employees in procedures necessary to support this policy
- Promote our objectives and respond positively to enquiries and suggestions from both inside and outside the company
- Identify and monitor objectives to improve our impact on the environment.
- Protects the environment, prevents pollution and meets other specific relevant commitments.
- Use energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long-term sustainability of consumable items
