- Maintain a safe and clean working environment

Health & Safety Responsibilities:

- Take reasonable care of your own health and safety
- Take reasonable care not to put other people - fellow employees & members of the public at risk by what you do or do not do in the course of your work.
- Co-operate with the Company, making sure you get training, and you understand and follow the company's health and safety policies, procedures, and work instructions
- Not to interfere with or misuse anything that has been provided for your health, safety, or welfare
- Report any injuries or illnesses you suffer as a result of doing your job
- Report any incidents, near-misses or safety concerns you see in the workplace
- Tell your employer if something happens that might affect your ability to work (e.g. becoming pregnant or suffering an injury)
- If you drive or operate machinery, to tell your employer if you take medication that makes you drowsy - they should temporarily move you to another job if they have one for you to do.

Environmental Responsibilities:

- Understand and ensure measures designed to minimise environmental impact as a business is adhered to as per the company Environmental Policy.
- Adhere to & follow environmental initiatives in place at MSCM, e.g., Recycling, printer usage.
- Tell your employer if you wish to report an environmental matter concerning the business.
- Ensure washer operates correctly, no leaks and is turned off after use.

The Person:

- Experience in mechanical inspection procedures preferable knowledge of British Standard engineering drawings (BS 308 or equivalent)
- Experience of operating with a range of inspection equipment from micrometres to computerised height gauges
- Good writing skills, with the ability to keep accurate records
- The ability to read standard engineering drawings
- Excellent attention to detail
- Good verbal communication skills
- Flexible “can-do” attitude
- Ability to work unsupervised – self motivated
- Quality and ISO systems knowledge
- The ability to work accurately under tight deadlines
- Takes initiative and always act in a professional and ethical manner
- Represents MSCM in a courteous, helpful, and business-like behaviour
- Lead by example, be friendly and helpful

Experience

- Experience of CMM operation and programming would be an advantage
- Experience in a similar role
- Knowledge of Oil & Gas (desirable)
